

Index Capital Assets (ICA) is a private limited company operating in the Hong Kong stock Exchange since 2012 and we recently joined the Cryptocurrency markets in 2019, we have all the necessary permits, licenses and a strong cyber security to run the crypto investment business. We the Index Capital has good financial funding and manpower that generates stable profits regardless of the current economic situation, We continuously make profits by adapting to the current market conditions and also our team of experts continuously screen the monetary market, make new systems and furtherly develop our venture conditions.

INDEX CAPITAL SUSTAINABILITY

- *We generate our sustainability by buying mining rigs with investors' funds, then we mine and generate bitcoins and other digital assets, then we share dividends with investors and the mining rigs become part of the Index Capital assets, we have covered over 23 countries in Asia and about 12 countries from different parts of the world with over 18 million capacity of mining rigs. Index Capital also offers high stake trading and sure recurrence of trade.
- *We also regenerate profit through real estate investment and real estate sales in the different countries, countries like Hong Kong (which is the country of origin), Dubai and the United Kingdom and other parts of the world and that is why Index Capital offers free trips to these various countries and which serves as a means of advertising the company's real estate business to investors who qualified for any of the trips.
- *We generate profit by partnering with one of the Asian largest Oil Refinery company popularly known as SK ENERGY ULSAN REFINERY (SK Energy) which helps in offering us a rapid and huge turn up in order to sustain Index Capital Assets.
